MEMORANDUM FOR: Chief, Planning and Resources Staff, DS&T

25X1 FROM:

Chief, Management and Plans Staff, OC

25X1 SUBJECT: New Communications Services Requirements,  
FY89 through FY93

REFERENCE: DS&T-009-87, dtd 7 Jan 87, Same Subject

25X1 1. Appropriate technical officers have reviewed the  
FY89-FY93 New Communications Services Requirements submitted in  
the reference and prepared cost figures provided in the  
attachment for your use when preparing FY89-FY93 programs. To  
initiate implementation of approved budget requirements, a formal  
request should be forwarded to either the Office of  
Communications or the Office of Information Technology as  
indicated on each of the costing sheets.

25X1 2. Please call if you have  
25X1 any questions.

MEMORANDUM FOR: Chief, Office of Communications  
Management and Plans Staff

ATTENTION:

FROM:

Chief, Planning and Resources Staff, ODDS&T

SUBJECT: New Communications Services Requirements, FY 1989  
through FY 1993

REFERENCE: DDA Memo, Same Subject, dtd 10 Nov 86

1. In response to the request conveyed in the reference, we are submitting the attached FY 1989-1993 Communications Requirements (Attachment A) for coordination. Please note that the NPIC requirements include some from tenant offices within DIA/DX, OIA, NISC, and ITAC). The requirements are arranged by year and by office.

2. We realize that these requirements were due earlier and regret the delay. However, the offices believed that the importance of the requirement warranted a special effort to make them as realistic as possible, which required extra time.

3. If you have any further questions about these requirements, please contact

MEMORANDUM FOR: Deputy Director for Operations  
Deputy Director for Intelligence  
Deputy Director for Science and Technology

FROM: William F. Donnelly  
Deputy Director for Administration

SUBJECT: New Communications Services Requirements,  
FY1989 through FY1993

1. The purpose of this memorandum is to once again begin the process of identifying, costing, and programming resources for new communications services which will be required in the five-year period from FY1989 through FY1993. This process has been in place for several years and has proven to be an efficient mechanism to add new services to the communications network.

4. It is requested that you identify all requirements for new or enhanced levels of communications services for overseas or domestic activities which will be needed by your respective Directorates from FY1989 through FY1993. For ease of submission, please forward all of your requirements to the Office of Communications (OC) as has been done in the past. OC and the Office of Information Technology (OIT) will then determine who has responsibility for these services. The responsible Office will then develop cost estimates for these new requirements and forward the information back to the requestor for inclusion in the FY1989-FY1993 program plan.

3. Agency components requesting new or enhanced communications services are responsible for programming and budgeting for those services for the fiscal year in which the service is to be established and for one year thereafter. OC or OIT, as appropriate, will program and budget for the service at FY+2 and beyond. Please do not include near term requirements (FY87/88) in this submission as they should have been collected in previous years. Unprojected critical requirements will, of course, be discussed on an individual basis.

4. A wide range of secure wideband and narrowband data transmission services required for the current and new Headquarters buildings have been included in the new building support initiative. Should your Directorate identify other special or unique communications needs for the existing or new building, please include such service requirements in your submission. [redacted]

25X1

5. The FY1989-FY1993 new communications requirements activity will be tracked within OC by the Management and Plans Staff. In order to meet critical time scheduling, please use the attached sample format and provide your new requirements to OC no later than 10 December 1986. If you have any questions, please contact [redacted]
